

Randall Shackelford

Member of the Board of Directors

Randall (Randy) Shackelford is Manager of Codes and Compliance with Simpson Strong-Tie Company, where he has been employed since 1994. He manages building code and construction standards development and code compliance issues for Simpson Strong-Tie. He provides technical assistance and training on building codes, wind and earthquake resistant construction, and the use of Simpson Strong-Tie connectors to builders, designers, consumers, and building officials throughout the country. He is a member of the ASCE 7 Main Committee and Wind Loads Subcommittee, the ASCE Committee on Estimation of Windspeeds in Tornadoes, the AWC Wood Design Standards Committee, and several ASTM D07 (Wood) Committees. In addition to being on the Board of Directors of the NSSA, he also sits on the FLASH Resilience Policy Council and the USRC Building Wind Rating Committee. Prior to joining Simpson Strong-Tie, he worked for 10 years at the Texas Department of Insurance.
