As the pioneer of this construction process, we continue to innovate design and build robust safe shelters that exceed FEMA P-361 and ICC 500 standards, offering a turn-key, free-span solution.</p> <p>Our safe shelters are often finished as schools, event centers, churches, and fire stations. From 3,000 to 80,000 square feet, this structure proves to be affordable, efficient, and safe shelter for your kids and community.</p> <p><i>They're Safer. You're Smarter.</i></p> <p>Communities that build a safe shelter with Dome Technology get more than a place to hunker down during a storm. They get a facility that benefits local patrons every day. That's tax dollars well spent</p> <p>DOMETECHNOLOGY.COM</p>
